Alachua County Association of Pharmacists

North Central Florida Society of Health Systems Pharmacists

American Society of Consultant Pharmacists

**ACCOMPLISHMENTS:**

Developed an improved unit dose packaging for inhalation therapy products for VA  
nation-wide utilization, 1976.

Developed Nutrition Support Team at V.A. Medical Center in 1978.

Developed an 80 contact-hour I.V. Admixture Compounding Training Program for Pharmacists, 1980.

Developed 40 contact-hour I.V. Admixture Compounding Training Program for Technicians, 1980.

Developed and implemented jointly with the Chief and Assistant Chief, Pharmacy Service the First Mobile-Cart Unit Dose Drug distribution system in the Southeast and in the Veterans Administration System, 1980.

Developed both under-graduate and post-graduate Pharm.D. clinical training rotations on intensive clinical nutrition support, 1980.

Organized and coordinated a multidisciplinary medical education program for Nutrition Support Teams for the Veterans Administration Southeastern Regional Medical Education Center, 1980.

Developed special cost effective procedures for the intravenous administration of medications, 1981.

Developed the Home Parenteral Nutrition Support Program, Veterans Administration Medical Center, Gainesville, Florida, 1981.

Developed and taught the post-graduate Pharm.D. course on intensive parenteral and enteral nutrition support, University of Florida, College of Pharmacy, 1980.

Developed and taught the under-graduate pharmacy course on intensive parenteral and enteral nutrition support, PHA-4771, University of Florida, College of Pharmacy, 1981-1989.

Jointly developed and participated in a Lecture and Workshop Educational Program on Drug Utilization Review for the VA Southeastern Regional Medical Education Center. This program was presented five times at various host VA Medical Centers with a total of 30 Medical Centers participating during 1982.

Jointly developed and participated in a two day continuing education program sponsored by the University of Florida, College of Pharmacy on Nutritional Support. This program was repeated six times throughout 1982 and 1983 with a total audience of approximately 600 pharmacists.

Developed and coordinated three-day Nutrition Support Mini-Residencies for VA Multidisciplinary Nutrition Support Teams in the Southeastern Medical Region, 1983-84.

Presentations at many conferences, most multidisciplinary, on nutritional support topics including local and national professional association meetings. The last was at the Eleventh Clinical Congress Post Graduate Course for the American Society of Parenteral and Enteral Nutrition, New Orleans, La, February 1-4, 1987.

Jointly developed and participated in a two day continuing education program sponsored by the University of Florida, College of Pharmacy on Ambulatory Parenteral and Enteral Services. This program was repeated several times in 1984-85 throughout the State of Florida.

Jointly developed proposals for national policies for the Veterans Administration: Parenteral Nutrition, Mandatory Development of Nutrition Support Teams, Use of Flexible Small-Bore Enteral Feeding Tubes, Use of Multi-Lumen Parenteral Catheters, and Ambulatory Nutrition, with the Clinical Nutrition Advisory Group.

Chairman, the Parenteral Nutrition Committee and the Pharmacy Services Committee for the Clinical Nutrition Advisory Group, Veterans Administration Central Office, Washington, D.C. 1985 - 1988.

Developed Computerized program for tracking controlled substances in the Medical Center using the VA DHCP File Manager Programs, 1985.

Developed and implemented the computerization of the: Ambulatory Care Pharmacy; the Drug Utilization Review Programs; the Clinical Pharmacy Monitoring Programs; the Investigational drug control programs, 1985-86.

Developed and implemented the prototype decentralized Ambulatory Care Pharmacy Services in the Ambulatory Clinics of the Veterans Administration Medical Center, Gainesville, Florida, utilizing the VA DHCP computer system, 1986.

Parenteral Nutrition Program; the Database of All Nutrition Support Teams within the Veterans Administration Nationwide, 1985 - 1987.

Established a cost effective program of Clinical Pharmacy Patient Monitoring funded and staffed by 3 FTEE post-graduate, trained advanced clinical pharmacy practitioners at the Veterans Administration Medical Center. 1988.

The CAP Center was ranked the third highest University entity in generation of royalty funds for the University of Florida, 1990 and 1991.

Co-Developed Clinical Clerkship Courses (4) in Long Term Care Consultant Pharmacy Practice, 1991-1992.

Obtained new computer hardware and software for the Tacachale Pharmacy Nursing Home System, 1992.

Developed and coordinated a unique, student centered, problem oriented, three credit, required course in Pharmacotherapeutics, PHA-4607, at the College of Pharmacy, University of Florida, Spring Semester, 1992-present.

Obtained new physical facilities for the Pharmacy Department, Tacachale, February, 1993.

Supervised the development and approval process for the establishment of The Tacachale Neuroscience Program, 1993.

Beautification Award for Pharmacy Department, 1994.

Granted co-responsibility, with Professor Paul Doering, for the Nonprescription Medications course, PHA-4769, 1995.

Granted primary course responsibility for Pharmacotherapeutics, PHA-4607, 1995.

Beautification Award for Pharmacy Department, 1995.

Obtained two new electric carts to provide on-campus transportation for pharmacy order pick up and delivery, 1996.

Upgraded and expanded the computer and software for the Tacachale Pharmacy Nursing Home System, 1996.

Beautification Award for Pharmacy Department, 1996.

Obtained position classification upgrades for three of the pharmacy staff positions, 1997

Obtained twenty-seven new medication cassettes for the provision of pharmaceuticals to the Facilities, 1997.

Obtained new laptop computers for pharmacy personnel to conduct their reviews and consultant activities at patient cottages, 1997.

Granted primary course responsibility for Pharmacotherapeutics V, 1997.

Granted co-responsibility with Professor Paul Doering for Pharmacotherapeutics IV, 1997.

Developed and coordinate the Multidisciplinary Seizure Therapy Clinic for Tacachale Community of Excellence, October, 1997 to present.

Developed and coordinated the College of Pharmacy Interdisciplinary Grand Round for the Professional Pharm. D. curriculum, 1998-99.

Developed and Coordinate Neurology Specialty Seizure Clinic for Dr. Wilder at Tacachale Community of Excellence, March, 1999.

Developed and Coordinate Vagal Nerve Stimulator Specialty Seizure Clinic for Dr. Campbell at Tacachale Community of Excellence, March, 2000.

Developed with Professor Paul Doering the University of Florida College of Pharmacy's Distance-Web supported ACPE Certificate Program on Herbal Medications, A Pharmacist's Perspective, May, 2000.

Course Leader and Facilitator for the ACPE Certificate Program on Herbal Medications, A Pharmacist's Perspective, June, 2000.

Expanded the Vagal Nerve Stimulator Specialty Seizure Clinic for Dr. Campbell at Tacachale Community of Excellence, May, 2001.

Integrated Pharmacotherapy Courses IV and V across two University Semesters, August, 2000.

Developed 12 hour continuing education course entitled Update on Seizure Management for the Florida Pharmacy Association, August – October, 2001. Faculty included Dr. B.J. Wilder, MD, and Dr. Eugene Ramsey, M.D., both internationally know for their contributions to epilepsy research.

Provided University of Florida, College of Pharmacy Consultant Pharmacy services for the Florida School for the Deaf and Blind, October 2001 to present

Guided the transition of a State Pharmacy facility (Tacachale Pharmacy Department) to a vendor pharmacy program (NeighborCare Pharmacy), March, 2002.

Developed the University of Florida, College of Pharmacy Consultant Pharmacy Services for Tacachale Community of Excellence, March 2002 to present.

Designed and Developed computer database program to support Consultant Pharmacy Drug Regimen Reviews with the NeighborCare and Tacachale systems, 2003.

Designed and Developed computer database program to support an Interdisciplinary Psychotherapeutic Monitoring Program with the NeighborCare and Tacachale systems, 2003.

Pharmacotherapy I Course, University of Florida, College of Pharmacy. Converted into full active engagement course format implemented in Gainesville and across three distant campuses. Spring, 2004. & 2005

Developed Pharmacotherapy Courses IV & V for Distance Learning across four remote campuses, 2004 & 2005

Computer Software Technology in the 1990's. Florida Pharmacy Today, 55:6-8, Jan, 1991.

Software That Starts at School. Computer Talk 11:6-7, Jan/Feb, 1991

Mini-Sabbatical, Awarded by the Office of Instructional Resources, University of Florida,  
Summer, 1991.

A Problem Solving Active-Learning Course in Pharmacotherapy, American Journal of  
Pharmaceutical Education, Vol 58, Spring, 1994.

#### **PRESENTATIONS HIGHLIGHTS:**

PROBLEM SOLVING EDUCATION; A NUTRITION SUPPORT COURSE. Tampa Bay Area  
University of Florida Clerkship Program, Clearwater, Florida, April 19, 1991

PUTTING TECHNOLOGY TO WORK TO IMPROVE MEDICATION  
COMMUNICATION, National Council on Patient Information and Education,  
Washington, DC., April 21-23, 1991.

COMPUTER APPLICATIONS IN PHARMACIST COMMUNICATION, Inaugural  
World Congress on Health Care, Global Satellite Broadcast, New York City, NY,  
May 22, 1991

EDUCATIONAL SOFTWARE DEVELOPMENT, International Author User Conference,  
Brisbane, Australia, July 13-22, 1991.

A MODEL FOR PHARMACEUTICAL CARE EDUCATION, A poster at the American

Association of Colleges of Pharmacy Annual Meeting, 1993.

PHARMACOTHERAPY OF H2 ANTAGONISTS, Florida Pharmacy Association Foundation Continuing Education Series, 1993-1994.

THE PHARMACIST'S APPROACH TO MONITORING LAB VALUES, Florida Pharmacy Association Foundation Continuing Education Series, 1993-1994.

ASTHMA INTERVENTION PROGRAM conducted at the 105th Annual Meeting and Conference of the Florida Pharmacy Association, June, 1995

PHARMACISTS CARE OF ANTICOAGULANT AND CARDIOVASCULAR PATIENTS, Florida Pharmacy Association Foundation Continuing Education Series, 1995.

MONITORING LABORATORY VALUES TO IMPROVE PATIENT CARE: A CASE-BASED APPROACH, Florida Pharmacy Association Foundation Continuing Education Series, 1995-1996.

ANEMIA AND LABORATORY ANALYSIS, Florida Pharmacy Association Foundation Continuing Education Program, November, 1999.

UPDATE ON COX-2 INHIBITORS, Florida Pharmacy Association Foundation Continuing Education Program, February, 2000.

ANEMIA AND LABORATORY ANALYSIS, Florida Pharmacy Association Foundation Continuing Education Program, February, 2001.

UPDATE ON SEIZURE MANAGEMENT, Florida Pharmacy Association Foundation Continuing Education Program, October, 2001.

HEMATOLOGICAL DISORDERS IN THE ELDERLY, Florida Pharmacy Association Foundation Continuing Education Program, March, 2002.

ANEMIA, Florida Pharmacy Association, Annual Convention, June, 2003

Development and Status of Clinical Pharmacy in USA, Osfildren, Germany, June 2003-2005.

Antibiotic Pharmacokinetics Workshops, Osfildren, Germany, June, 2003, 2004 & 2005.

University of Florida, College of Pharmacy Consultant Pharmacist Initial Certification Programs, 2004, 2005, 2006.

Bridging Active Engagement Pharmacotherapy Courses to Distant Campuses at the University of Florida, a 90 Minutes Special Session at the American Association of Colleges of Pharmacy Annual Meeting. July, 2005.

**SOFTWARE DEVELOPMENT:**

Baxter Nutrition Assessment System (BNAS), versions 1.0, 1.1,. A multidisciplinary clinical nutrition assessment and monitoring system, 1987. Distributed nationally with 120 sites.

Computer based training on the use of BNAS, 1987.

Computer based training on the use of Clintec's Multitask Operating System. 1988. Distributed nationally with 275 sites.

BNAS, version 2.0. A multidisciplinary clinical nutrition assessment and monitoring system. 1989. Distributed nationally with 125 sites.

Adverse Drug Reaction Monitoring System, version 1.0. A relational database supporting the recording and reporting of ADR's. 1989. Distributed nationally with 150 sites.

Computer based training on the interpretation of prescriptions. 1990. Distributed nationally.

Computer-based training on extemporaneous compounding of medicinals. 1990. Distributed nationally.

Professional computer-based Education program on developing an Adverse Drug Reaction monitoring system. Approved for 5 hours of Professional Continuing Education for Pharmacists. 1991

Pharmex Computerized patient drug information systems, one for Prescription Drugs and one for Over-The-Counter Drugs, distributed nationally, 1991

Computerized program editing and production system for Pharmex computer software products., 1991

Self-Medication Screening Program (SSP). This program is aimed at the public, consumers of OTC products. The system is based on touch screen and expert rule-based system technology. It will take a history from patients and recommend various forms of therapy. 1991

6,000 Gator Screen Saver. This program is a TSR program written in assembly taking only 8k of RAM. When the keyboard is inactive the University of Florida logo displays on screen. The development system supports other logos and graphics. The University markets this program nationally and approximately had been sold in 1992-1995.

Graphic representation of patient monthly seizure records, medications, therapeutic blood levels, pertinent laboratories, and Vagal Nerve Stimulator settings utilizing Excel spreadsheets and charts, 1997 - present.

Drug Regimen Review and Patient Monitoring program for the Consultant Pharmacist implementing the Pharmaceutical Care Plan process. Tacachale, 2003

Psychotropic monitoring and interdisciplinary therapy coordination program. Tacachale, 2003.
