**This course is limited to 75 pharmacists.
Register early to be sure you have a place.**

Course Description

The course consists of two and a half days of comprehensive study of the laws, regulations and procedures for pharmacists who want to consult in a nursing facility or other work environment that requires the services of a Consultant Pharmacist. You will know what is required of you in an inspection of the facilities and be able to prepare your facility for an inspection. The workbook you will receive will serve as a resource for you when you become a Consultant Pharmacist. On the final day of the course you will take a comprehensive exam on the materials that were covered during the course, then, after passing the exam with a score of at least 70%, and completing your 40 hours under the direction of a Consultant Pharmacist of Record you will file your application with the State of Florida to become a Consultant Pharmacist.

Learning Objectives

At the conclusion of the course participants should be able to:

- List the licensing and proficiency requirements to obtain a consultant pharmacist license.
- Relate how a policy and procedures manual should be developed and utilized.
- Describe how to evaluate (review) medication orders in a hospital or nursing home:
 - * For appropriate indication or diagnosis;
 - * For drug interactions with other medication;
 - * For duplication of therapy; appropriate drug dose;
 - * For interval and route of administration
- State the requirements for handling all drugs including controlled substances.
- Analyze the source and rationale for State and Federal regulations governing pharmaceutical services in institutional pharmacy settings such as residential care facilities, jails, psychiatric care units and hospitals.

Who Should Attend

- All pharmacists who wish to become licensed as Consultant Pharmacists
- Pharmacists who wish Consultant Recertification credit

NOTE: For requirements to become a Consultant Pharmacist in Florida contact the Florida Board of Pharmacy.

Continuing Education Credit

The program is accredited for 20 hours (2.0 CEUs) of General CE Credit for pharmacists taking the Initial Consultant Pharmacist Course. The course is also accredited for 12 hours of Consultant Pharmacist Recertification credit plus 4 hours of General CE Credit (total of 16 hours). Consultant Recertification requires attendance Friday and Saturday only. University of Florida College of Pharmacy will mail Statements of CE credit to participants within 2 weeks following the completion of the course.

Goals

Goals: This course serves the July 1, 1983 revised Consultant Pharmacist Education Requirements in regulations 64B. Educational certification will include completion of a post-test at a 70% proficiency level. The specific goals are (1) prepare pharmacists to serve as consultants in nursing homes and hospital pharmacies, (2) Provide pharmacists with knowledge of the responsibilities of a consultant pharmacist, (3) Help pharmacists learn to develop quality systems for assuring drug delivery and patient monitoring.

Agenda

Meeting Starts Promptly at 8:00 am on Friday
